Tulsa
Wichita

For Immediate Release: Monday, September 22, 2008

Oklahoma City, OK – Jason Spencer, E.I., Engineer Intern, and Andrew Wilson, E.I., Civil Engineer, of Crafton Tull Sparks have received LEED® accreditation. This brings the company's total to 17 employees who are knowledgeable in green design practices.

LEED, Leadership in Energy and Environmental Design, is the standard for design and construction of green buildings. The company has sponsored a number of in-house training sessions and has provided an employee incentive, "Take the LEED: Get Smart with Crafton Tull Sparks," to prepare employees for the LEED accreditation test administered by the U.S. Green Building Council. Jason and Andrew are now eligible to be entered into a company drawing to win a 2008 Smart Car, compliments of Crafton Tull Sparks.

Crafton Tull Sparks has 320 employees with offices in Conway, AR, Little Rock, AR, Oklahoma City, OK, Rogers, AR, Russellville, AR, Tulsa, OK and Wichita, KS. Founded in 1963, they provide architectural, engineering, interior design, landscape architecture and surveying services across the nation.
