Crafton Tull Sparks Employee Receives LEED Accreditation

Tulsa, OK – Kevin Vanover, P.E., senior engineering manager for the civil department at Crafton Tull Sparks, has received LEED® accreditation.

Kevin has a bachelor's degree in mechanical design engineering from Oklahoma State University. He has over 19 years of experience in civil engineering. Kevin is a member of the Tulsa chapter of the Oklahoma Society of Professional Engineers, National Society of Professional Engineers and the American Society of Civil Engineers.

LEED, Leadership in Energy and Environmental Design, is the standard for design and construction of green buildings. The LEED accreditation test is administered by the U.S. Green Building Council. This brings the company's total to 44 employees who are accredited in sustainable design.

Crafton Tull Sparks has over 300 employees with offices in Conway, AR, Little Rock, AR, Oklahoma City, OK, Rogers, AR, Russellville, AR, Tulsa, OK and Wichita, KS. They provide planning, architectural, engineering, interior design, landscape architecture, and surveying services across the nation.
