Crafton Tull Sparks Employee Receives LEED Accreditation

Tulsa, OK – Damon Domer, E.I., civil engineer in the Tulsa office of Crafton Tull Sparks, has received LEED® accreditation.

Damon has a bachelor's degree in civil engineering from the University of Missouri - Rolla. He has over 3 years of experience in civil engineering. Damon is a member of the American Society of Civil Engineers and the National Society of Professional Engineers.

Rogers, AR – Chris Johnson, E.I., civil engineer in the Rogers office at Crafton Tull Sparks, has received LEED® accreditation.

Chris has a bachelor's degree in civil engineering from the University of Arkansas and is working toward a degree in operations management. He has over 3 years of experience in civil engineering. Chris is a member of the American Society of Civil Engineers and Chi Epsilon.

LEED, Leadership in Energy and Environmental Design, is the standard for design and construction of green buildings. The LEED accreditation test is administered by the U.S. Green Building Council. This brings the company's total to 46 employees who are accredited in sustainable design.

Crafton Tull Sparks has nearly 300 employees with offices in Conway, AR, Little Rock, AR, Oklahoma City, OK, Rogers, AR, Russellville, AR, Tulsa, OK and Wichita, KS. They provide planning, architectural, engineering, interior design, landscape architecture, and surveying services across the nation.
